

# ALEJANDRO LUCENA DÍAZ

## SOFTWARE DEVELOPER

### Professional Profile

---

I worked in 2023 as a computer technician at Ecoportátil, a company that repairs and sells reconditioned equipment. In 2024, I spent 4 months working as a waiter at the La Garganta restaurant in El Chorro, Álor. In addition, I have more than a year of experience in Java, in addition to learning JavaScript on my own. My goal is to become relevant in order to be able to contribute.

### Soft Skills

- I have a native Spanish
  - I like to learn
  - Socially adaptable
- 

### Hard Skills

- Java
- Linux
- CSS and HTML
- SQL
- Android
- Cybersecurity

## ABOUT ME

I am Alejandro Lucena, Software Developer. I have developed in Java and Python, also in front end I have used HTML, CSS and JavaScript. I always try to increase my knowledge in all possible branches.
